Dear Ms. Jenefer Duane,

On behalf of the California District Attorneys Association (CDA), I would like to inform you that we are pleased to extend CDA's strong endorsement of the Elder Financial Protection Network (EFPN).

Financial abuse of elders is on the rise and, as our current baby boomers start phasing out of the workforce, elder abuse education, prevention, and prosecution are going to become increasingly more important.

The District Attorneys are aware of the critical need for efforts to educate seniors, their families, financial institutions, law enforcement and the general public on the topic of financial abuse of elders. Your program offers wonderful resources in raising community awareness, education and prevention that it is unique and remarkable.

Very truly yours,

W. Scott Thorpe
