Elder Financial Protection Network
Call to Action
San Francisco, California

Dear Friends,

It is my pleasure to join you in the Elder Financial Protection Network's Call to Action, 10th Anniversary Celebration.

EFPN has played a central role in the fight against senior financial exploitation. You have established a unique and effective model by raising public awareness, increasing community education and bringing together diverse organizations in the fight against elder financial abuse.

This week is an historic time for our nation, especially for those working with seniors. The historic passage of health insurance reform means that the CLASS Act and most importantly the Elder Justice Act have now finally become law. This legislation will not only will bring greater access to more affordable health care but will greatly contribute to the stability and security of our nation's seniors.

It is a time to celebrate all that has been accomplished while still acknowledging what needs to be done. Thank you for your participation today and for your continuing commitment to seniors in our community.

Best Regards
